

Dear partners and clients,

On June 13, 2023, we have a special day as we celebrate the 20th anniversary of our company, SRL "Rotalin Gaz Trading".

Throughout these years, we have built strong and long-lasting relationships with each one of you, and as partners and clients, you have always been there, supporting us and inspiring us to excel in our work.

The 20th anniversary is a significant milestone for us, where we can proudly look back at our achievements and say that our ambitions have helped us grow and become the largest private company in the field of natural gas supply and distribution in the Republic of Moldova.

We have contributed to the sustainable provision of clean energy to your homes, businesses, and organizations. We were the first to introduce the experience of purchasing natural gas from the free markets of the European community and importing it into the Republic of Moldova.

We take pride in creating a talented and dedicated team that has contributed to our success throughout all these years. At the same time, we are grateful for the trust and loyalty you have shown us, and we consider it necessary to thank you for your collaboration. We see you as partners because we see our coexistence as inseparable and interdependent.

We commit to continue providing services in energy resource supply, staying up to date with the latest technologies, and supporting you in achieving your goals. On this special day, we wish you all the best and strong health, and may success always accompany you on your journey. Let us continue to grow and prosper together!

Sincerely,

The Rotalin Gaz Trading Team
